

Anti-Human CD30 Purified

Monoclonal Antibody

For research use only; not for therapeutic or *in vitro* diagnostic use

Cat. No.	Form	Volume	Quantity*
BMS1024	Pure	100 µl	100 µg

*Bulk quantities are available on request.

Clone:	Ki-2
Subclass:	mouse IgG1
Presentation:	PBS, pH 7.2 – 7.4
Applications:	ELISA Western Blotting (WB), Immunoprecipitation (IP), Flow Cytometry (FC) Optimal dilutions should be determined by the individual laboratory for each application.
Storage:	-20°C until expiry as indicated on label. After opening aliquot contents and freeze at -20°C.
Shipping conditions:	2-8°C
