

## Datasheet: PBP011

Description:	RECOMBINANT BOVINE GM-CSF
Name:	GM-CSF
Other names:	GRANULOCYTE MACROPHAGE COLONY STIMULATING FACTOR
Format:	Rec. Protein
Product Type:	Recombinant Protein
Quantity:	1 ml

## **Product Details**

A nn	lication
App	lications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit

www.abdserotec.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Functional Assays	-			1/2 - 1/10

Where this protein has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. It is recommended that the user titrates the product for use in their own system using appropriate positive (possitive controls).

	positive/negative controls.
Target Species	Bovine
Product Form	Tissue Culture Supernatant from HEK293T cells expressing recombinant bovine GM-CSF - lyophilised

Reconstitution Reconstitute with 1.0ml distilled water

Care should be taken during reconstitution as the protein may appear as a film at the bottom of the vial. AbD Serotec recommend that the vial is gently mixed after reconstitution.

Preservative Stabilisers

1% Bovine Serum Albumin.

**Product Information** 

PBP011 is a tissue culture supernatant containing active bovine GM-CSF, a cytokine that stimulates the growth and differentiation of hematopoietic precursor cells from various lineages, including granulocytes, macrophages, eosinophils and erythrocytes.

This preparation has been shown to have biological activity in proliferation assays utilizing TF-1 cells. The specific concentration of GM-CSF has not been assayed.

**Storage** Prior to reconstitution store at +4°C.

After reconstitution store at +4°C or at -20°C if preferred.

This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the protein.

Should this product contain a precipitate we recommend microcentrifugation before use.

**Shelf Life** 12 months from date of reconstitution.
